Frank Cunningham, Found Dead Tues., Believed Suicide

Frank Cunningham, 40, found dead in bed at the Mortensen hotel, Main st., Antioch, Tuesday morning at 10:30 a. m., is believed to have been a suicide.

Cunningham, who had worked at odd jobs in and around Antioch since coming here in September, had left his home on South Main street some weeks ago, and was believed to be dependent over differences with his wife, a former employee at the Antioch Restaurant.

He had threatened suicide previously and had said good-bye to a few friends in Antioch on the weekend, it is rumored.

Police Chief Walter Scott was called to the hotel on Tuesday and said that there were no signs of violence in connection with his death and that since he was in apparent good health, he was presumed to be a suicide.

A coroner's jury was sworn in Tuesday, but the inquest will await the outcome of an autopsy performed by Dr. Hugh Wilson of Lake Forest, appointed by the coroner. No results of the autopsy were available today due to the necessity of taking chemical tests in a laboratory.

Although little is known about Cunningham, it is believed that he came to Antioch from Chicago. He carried a driver's license issued while his residence was at 3216 S. Halsted st., Chicago.

Survivors besides his wife, Lillian, are two step-daughters of high school age. Funeral services will be held today.

Local Bldg. Material Firms Receive Honors

Antioch Lumber and Coal Company and Lake Villa Lumber and Coal Company, both dealers in building supplies, have been given Honor Roll awards by Johns-Manville, national manufacturers of building materials.

In announcing the honor to the local concerns today, Johns-Manville stated that the award in the form of a certificate is given to selected firms throughout the country in recognition of their proven integrity and their contribution to better housing in their home communities.

The award has been instituted, according to the Johns-Manville announcement, because of recent disclosures about "rackets" in the home improvement field which may have been damaging to reputable firms. The FHA probe points out to home owners the importance of dealing with local established firms and avoiding "fly-by-night" concerns who are here today and gone tomorrow and who employ questionable selling practices and have frequently charged homeowners far more than the job was worth.

Through its national advertising, Johns-Manville will suggest that the public rely upon dealers who have qualified for the Company's honor roll. Salesmen representing these companies will be provided with identification cards indicating to the public that they are associated with a firm of established integrity.

In accepting the awards Mr. Vos, president, stated, "I look upon this award as a valuable symbol to the homeowners of our community. It typifies the close cooperation between the national manufacturer of quality building materials and the established dealer to assure the homeowner the ultimate value for his building or remodeling dollar."

Expect Palatine To Furnish Rough Test Of Sequoit Cagers

The unbeaten Sequoit basketball team will journey to Palatine for the first game after the holiday lay-off Friday evening for what is expected to be the toughest game of the season's schedule. Palatine is currently in second place in the conference, having suffered but one defeat early in the season.

This will be the first meeting this year of the two teams and the locals will have to look to their laurels to come out victorious, according to dopesters.

A game Saturday evening with Warren is also expected to furnish good competition. The Warren team has a good record in its own conference.

Richmond Game Feb. 1
The postponed game with Richmond will be played Tuesday evening, Feb. 1, on the Antioch floor. The game was postponed on account of the snowstorm on Dec. 29.

Subscriber Praises News' New Statement For Subscriptions

A compliment from a subscriber on the form of the new subscription renewal statement, a thing so rare as to be considered newsworthy, came as a pleasant shock to Antioch News employees last month.

Along with his check for another year's subscription to the Antioch News, Ira W. Boylan, 1758 E. 73rd Place, Chicago, wrote the following note—"Dear Mrs. Gaston: With your new form of expiration notice, it is a pleasure—almost—to send a renewal order. Congratulations and my very best wishes. Ira W. Boylan."

The new form, which has been in use for several months, utilizes a self-addressed envelope with a large flap which contains the order form. It requires no postage.

Soo Line Ry. To Take off Trains; Mail is Affected

A news release from the Soo Line railway received today announces that two trains now carrying mail from Antioch will be discontinued this week end. The release follows:

Effective Jan. 8, Soo Line Railroad train No. 2, Stevens Point to Chicago, will not operate on Saturdays. Train No. 1, Chicago to Stevens Point, will be discontinued on Sundays, effective Jan. 9. Otherwise the trains will continue to operate on presently established schedules.

Permission to discontinue the service has been granted by the state commissions involved. Declining patronage is the cause of train discontinuance.

Postmaster Roy Kufalk said today that permission by the Post-office department had been given to secure an addition delivery to the railroad in order that mail which has ordinarily been carried on the Saturday night train may be placed on one Sunday morning. The only change will be that Antioch's outgoing mail will now reach Chicago Sunday instead of Saturday evening.

Band Begins 2nd Year With Party Monday Evening

A party Monday evening at the American Legion home and a preliminary practice session Tuesday got the Antioch Community Band back into harness for the coming year. Practice sessions had been discontinued since Nov. 27, when the band presented a Minstrel show to wind up the year.

All persons who took part in the Minstrel show were invited to the party Monday evening and about fifty were present. A lunch was enjoyed and movies of the show were presented.

Regular practice sessions from 7:30 to 9:30 every Tuesday evening from now on, according to Louis Chenette, band director, all musicians of the community are invited to take part.

Crooked Lake Oaks Man Dies of Heart Attack Wednesday

John K. Larson, 44, Crooked Lake Oaks, Lake Villa, died at 5 a. m. Wednesday, Jan. 5, as a result of a heart attack. Larson had been suffering from a heart ailment for many years, but apparently was in good health at this time.

He was a pipefitter, employed by the Chicago & North Western railway, and had moved to Lake Villa from Chicago in October of 1952.

Survivors include his wife, Helen, two sons, John K., Jr., and Robert B., and one sister, Elva Moore, Brooklyn, N. Y.

Funeral services will be held at the Strang Funeral home at 1:30 Saturday, and friends may call after 7 p. m. today. The Rev. L. H. Messersmith will be in charge of the funeral service.

Sponsor Scrap Drive
Members of Cub Pack No. 80, Grass Lake Cub scouts will sponsor a scrap paper drive beginning Saturday, Jan. 8. Cub Master Ralph Tuteln said that pickups of scrap paper would begin on that date and continue until all was picked up. Money raised by this method will be used for handicraft supplies for the cubs and for other regular expenses of the pack.

December Weather Was Quite Uniform With Little Snow

An analysis of temperature and precipitation records kept by Cooperative Weather Observer Roy I. Kufalk for the month of December shows that the temperatures for the entire month show little variation and that the whole month was fairly warm in comparison with other years.

Average maximum temperature for the month was 34 degrees, with the warmest days falling on the 24th and 26th when the mercury rose to 42 degrees. Average minimum temperature was 22 degrees, the coldest being registered on the 11th and 31st at 12 degrees. Other cold days during the month were the 19th and 20th when a shivery 14 degrees was registered.

There were eleven days in all when the temperature dropped below the 20 degree mark at some time during the day.

Eight days of the month showed precipitation in measurable amounts with the heaviest on the 27th with 1.45 inch. Total for the entire month was only 3.21 inches. In addition there were five days when a trace was entered on the record.

Heaviest snow on the ground during the month was recorded for the 30th at 8 inches. Records show that only 1 inch of this remains on the ground today.

The December day which showed the least change in temperature during the 24 hours was the 27th when the high was 39 and the low 34. This was also the day of heaviest snowfall.

The first four days of January, 1955, have been considerably milder than the average for December with an average high of 38 and low 25 degrees. There has been no precipitation.

50th Annual Norge Ski Club Tourney Set For Jan. 16th

Champion Ski jumpers from Norway, Sweden, and Finland will be on hand at Fox River Grove Sunday, Jan. 16, for the 50th annual Norge Ski Club tournament.

All indications point to a truly spectacular tournament this year, since special arrangements are being made to assemble the largest field of championship jumpers ever. In addition, the hill and jump at Fox River Grove are now undergoing a face-lifting which will allow longer jumps.

The reconditioning has been under the direction of Arthur Tokle, Norge captain, who holds the record jump at Cary of 208 feet. Tokle, twice U. S. champion, will be on hand to try to better his own record and help his team to victory.

Through long years of study of weather conditions, the Norge club has worked out a schedule and club prognosticators promise a fresh covering of new snow for the 16th. The show, however, will go on even if they are wrong, using transported snow from colder regions if necessary. The club has not postponed a meet since 1921.

Four "P's" Will Be Talk Subject At P. M. A. Meet

Lake and Cook County dairy farmers of the Pure Milk Association will get a first-hand report Wednesday, Jan. 12, on the four "P's" in the Chicago milkshed during 1954.

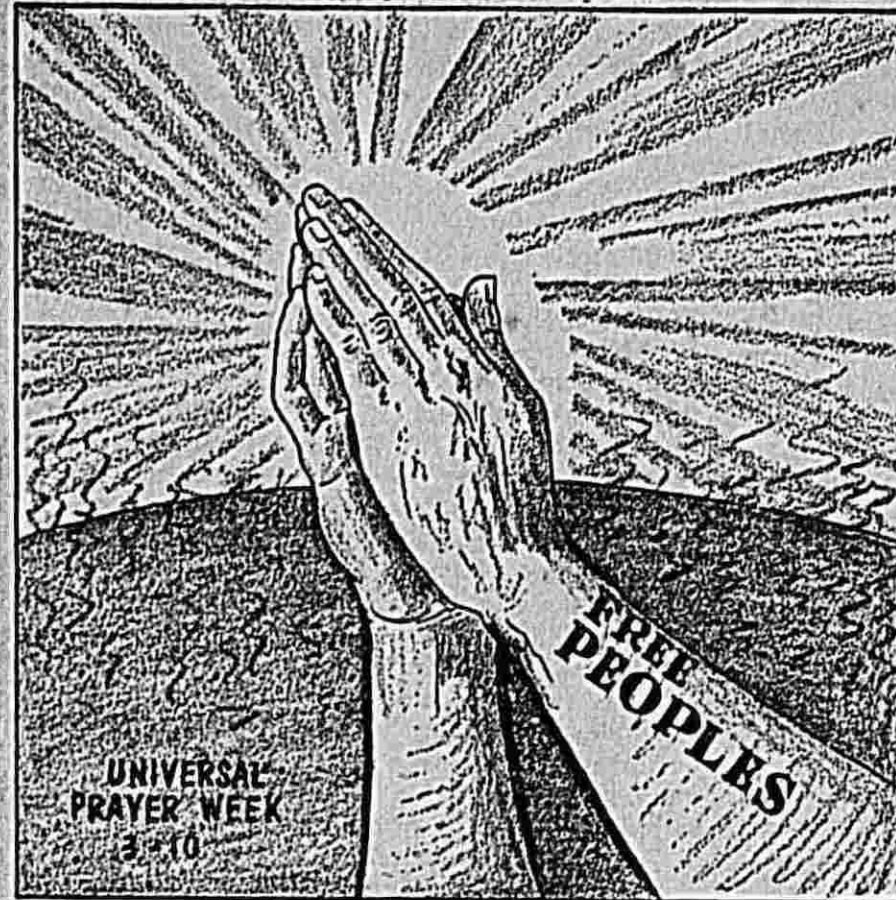

The report will be a part of the annual meeting of District 7 of the Pure Milk Association which will be held at 11 a. m. Wednesday at the Legion hall in Grayslake. A. L. McWilliams, general manager of the Pure Milk Association will tell about production, prices, promotion, and progress of various developments in the Chicago milkshed. He will emphasize the role of the dairy farmer's cooperative in the four "P's."

McWilliams will explain the growing importance, financially and physically of the Pure Milk Association which now has a net worth of over \$3 million, 16 plants and over 16,000 members.

The Association which sells milk for members who live in Wisconsin, Illinois, Indiana and Michigan, is divided into 17 districts. District 7 has 14 locals.

McWilliams will explain the position of the Association in regard to bulk tank pickup of milk and the progress and prospects of the "level-production" plan now effective in the milkshed. He will review the importance of various bargaining and sales promotion efforts by the Association and its dairy farmers in maintaining a higher blend price for milk in 1954 than was originally expected.

A Prayer for Peace...

TV Wrestling Stars To Appear at Salem Central on Jan. 22nd

Genial Jim McMillen, mayor of Antioch and former grappling star, will have his hands full maintaining law and order in the ring at Salem Central High school on the evening of Jan. 22, if former performances of the "old manies" of the ring who will perform are an indication of what may happen.

McMillen, a licensed referee in Illinois and Wisconsin, will have to cope with a number of strong men who are noted for disregard of rules of the wrestling game.

Headlining the card, which is being promoted by the Community Club of the high school, are Pat O'Connor and Billy Goetz, both well-known here, pitted against Ivan Rasputin and Bobby Nelson. Nelson and Rasputin are rowdies of the worst type and are certain to arouse much ire among the spectators.

Other matches which round out the card will feature Tor Yamato, Japanese Judo star, pitted against Al Szasz, and a match between Red Bastien and Frenchman Jon Arjon. The purpose of the show is to raise funds for student activities at the school including athletics, music, and other activities. Members of the committee said today that the huge gymnasium at Salem Central will seat 4000, and that there would be a good seat for each ticket sold.

Tickets for the show are on sale in Antioch at King's, Reeves', Antioch Liquor Store, Hank's Coffee Shop, Gaffey's Tavern, Antioch Lumber & Coal Co., Moose Lodge, and the Veterans Club at Loon Lake.

Bob Taylor Buys Darnaby Interest In Antioch Store

A change in the ownership of one of Antioch's oldest businesses took place January 1st, when Robert E. Taylor, a partner in the Darnaby Shoe Store, purchased the interest of Walter S. Darnaby and became sole owner of the establishment.

The store, located on Main street, has been continuously a shoe store for more years than any present residents can remember, and was operated for many years by the late T. G. Rhodes, and was then called the Chicago Footwear store. Rhodes sold to Darnaby in 1937, and the store has operated under that name since, although Taylor purchased a half interest in the business in 1949.

Taylor came to Antioch shortly after his discharge from the U. S. Army in 1943, and was employed by the Klass Men's Store until he went into partnership in the shoe business in 1949.

Plans for the business will not deviate from the regular, with the exception that the store will henceforth be called Taylor's Shoe Store.

MRS. M. M. STILLSON NEW PRES. OF ST. IGNATIUS' AUX.

Mrs. M. M. Stillson, newly elected president of the Ladies' Auxiliary of St. Ignatius' Episcopal church and her corps of officers, first vice-president Mrs. Rod Ames; second vice-president Mrs. Jack Stieber; secretary Mrs. John Horan, and treasurer Mrs. Loren Sexauer will hold their first meeting of the year at the home of Mrs. John Horan Wednesday, Jan. 12 at 8 o'clock. Plans will be made for the annual parish meeting which will be held at the church Sunday afternoon, Jan. 16.

Fisherman at Grass Lake Report Large Catches of N. Pike

Hardy Nimrods who have had the stamina to brave cold icy weather have been well rewarded by fine catches of northern pike as well as pan fish, according to information furnished by resort owners of the area.

Antioch lake has been producing well in the panfish and black bass variety, with Grass, Marie and Channel lakes seeing fine catches also.

Northern pike fishing seems to be especially good on Grass lake, where numerous catches of large northern pike have been reported during the past two weeks. On Monday of this week Sam Molose, 13, son of Mr. and Mrs. John R. Molose, operators of Huel's Landing, Grass lake, netted a 13 pound specimen. This fish, as well as four caught last week by John Viscup, 3508 N. St. Louis, Chicago, were caught on the west side of Grass lake north of the Grass Lake road bridge. The four caught Sunday by the Chicago men averaged five pounds. In addition to testify that they are really biting was an 11-pounder hooked last week by Jerry Beinaman of Grass lake.

Recent warmer weather may tend to dampen enthusiasm for going out on the ice, but a heavy thickness of ice built up during past weeks will prove solid with a slight cold snap.

Mrs. Nanna Hahn, 72, Dies After Long Illness

Mrs. Nanna Hahn, 72, Rock Lake, Trevor, Wis., died January 1 at 5 a. m. at the home of her daughter, Mrs. Alyce Holmes at Blacksburg, Virginia, following a lingering illness. Mrs. Hahn was born Sept. 5, 1882 in Chicago, coming to Trevor 45 years ago, spending her winters in Virginia and summers at Rock Lake for the past several years.

Survivors are a daughter, Mrs. Alyce Holmes and a son, Frank A. Hahn of Rock Lake, four sisters: Mrs. Frieda Ropke and Mrs. Esther Reinschreiber, both of Chicago, Mrs. Blanche Hedberg, Denver, Colorado, and Mrs. Dolly Kemper of Summit, Ill., three grandsons. Her husband, Frank Hahn, preceded her in death Dec. 26, 1946 and a daughter, Mrs. Ethel O'Keefe passed away June 4, 1951.

Funeral services were held Wednesday at the Strang Funeral Home with the Rev. Howard E. Benson officiating.

Annual Auto Show Will Open in Chicago on Saturday

The eyes of the automotive world are turned this week to Chicago, where the nation's No. 1 automotive classic, the 47th annual Chicago Automobile Show, will open at 2 p. m. next Saturday (Jan. 8), to reveal an estimated \$10 million in outstanding exhibits.

Ready to greet nearly half a million expected visitors will be some of the most sensational displays ever assembled under one roof. Leading the parade of 1955's great automotive creations will be a number of stunning dream cars which are expected to set the pattern for years of future production car models. In addition, 18 makes of passenger cars, eight lines of trucks and 54 accessory, allied equipment and educational displays will be featured.

There is perhaps no safer test of a man's real character than that of his long continued friendship with good and able men.

Petitions For April Election Circulated; Contest Is Expected

With the first day of filing of petitions for the coming April 5th town elections falling on January 10, a few "early bird" candidates have thrown their hats in the political ring, and petitions are in circulation.

The practice of putting names on the ballot in the same order as petitions are received and certified has led to early filing in most instances in the past, since it is generally believed that the topmost spot on the ballot is an advantage.

To be elected on Tuesday, April 5, are a supervisor, road commissioner, one justice of the peace, and two members of the Antioch library board. The opening for J. P. has been caused by Clarence Verkest leaving the township with two years of his term unexpired, thus the new J. P. will be elected for two years only, to fill the remaining term.

Although petitions cannot be filed before January 10, and the fact that petitions filed are not necessarily filed, it is believed that at least three candidates will be listed for the supervisor post.

Petitions were circulated Tuesday for Wm. A. Rosing, present supervisor, who has held the office for many years. Opposing his re-election will be Lloyd E. Murrie, operator of Murrie's Standard Service at the corner of Main and Park ave., and a resident of Lake Marie. Although this is Murrie's first venture into the political field, he is certain to be a good contender for the office being very well known as a life-long resident of the community.

Also believed ready to enter the race is Anthony J. Scully, proprietor of Scully Used Car lot at 173 and 59. Scully has been an active participant in local affairs and politics during the past ten years, and has been a candidate for supervisor in past elections.

Although no petitions have been taken out by other prospective candidates rumor has it that at least

Guillaume To Leave Antioch For Florida Business This Month

Bernard Guillaume, a resident of Antioch for the past ten years will leave the employ of Pickard, Inc., and move to St. Petersburg, Fla., where he will operate a motel which he purchased some months ago. His leaving will be in the nature of a loss for Antioch due to his fine work in civic and other affairs of the village.

During his residence here he was church school superintendent of the Methodist church of Antioch. The enrollment was increased from 145 to 329 during a two year attendance drive. The local church school became of national interest when the attendance increase was written up in an issue of "The Church School," a magazine of nation wide circulation. Radio station WGN came to Antioch to put the school on the Chicago radio program of "Youth Looks Up." When the church school needed extra space, Guillaume was appointed chairman of the second finance drive which raised \$25,000. These efforts were instrumental in enabling the church to build Wesley Hall.

During 1954 Guillaume was worshipful master of Sequoit Lodge No. 827, A. F. & A. M. Early in the year the Illinois Masonic Grand Lodge made its first official visit to the local Masonic symbolic lodge. This was the first official visit made to Antioch during the history of Sequoit lodge and the beginning of an annual gathering of the twenty-first district of Illinois.

Mrs. Guillaume has been in St. Petersburg since August operating the business and he plans to leave Antioch on the 12th of January to join her. The motel, called the Ebbtide, was built in January, 1954, and has all the conveniences of an exclusive, modern motel. It is located on the Treasure Island section of St. Petersburg.

Mr. and Mrs. Roger Westlake will be in charge of the program Sunday evening, Jan. 9, when the Sunday Evening Club of the Methodist church meets at the home of Mr. and Mrs. M. C. Cain, 672 N. Main st. All couples of the community are invited.

To Hear A. A. Speaker

A speaker from Alcoholics Anonymous will be on the program Saturday evening, Jan. 8, when the Evening Circle of the Methodist church meets at the home of Mrs. Kate Hoak, 439 Lake st. The meeting will begin at 8 p. m.

More Food for More People

Between now and 1975, if predictions made by the census takers are correct, there will be 200,000,000 mouths to feed in this country—some 44,000,000 more than at present. Yet the amount of land available for food production is expected to increase little, if at all. And it is probable that the number of people employed in agriculture will show no marked change.

How, then, can agriculture possibly do the job? Does this mean that our living standards are due for a decline, so far as food and fiber are concerned?

As Dean of Agriculture Harry J. Reed of Purdue University, has made clear, the history of agriculture has been one of greater production with less labor. A century ago it took five man-hours to produce a bushel of corn—now it can be done with about four minutes work. Even since 1940, farm output per man-hour of labor has increased by 45 per cent—nearly half.

The main reason for such revolutionary progress is found in mechanized farm equipment. According to Dr. Reed, there are 4,400,000 tractors and 940,000 combines on American farms, along with more than 2,500,000 trucks and some 4,500,000 automobiles. There are all kinds of other machines and attachments—sprayers, dryers, milkers, and so on. And, as the years pass, both more machines and better machines become available, due to the initiative of the highly competitive farm equipment industry. These machines in the hands of efficient farmers, coupled with help from people in education, science and industry, will meet the call for continued progress on the land.

"Clear and Simple"

When questions affecting economics and the function of government become political controversies, they inevitably are surrounded with an almost impenetrable verbal smog.

That has certainly happened in the case of the Administration's plan for having private enterprise build a \$107,000,000 plant for supplying power needed by a huge Atomic Energy Commission installation in Arkansas.

The builders will do the job with private money, not tax money; they will take their chances on their estimates of cost being correct. And they will pay heavy taxes on profits earned. The interests of the government and the AEC—which means the public interest—are fully protected in the contract. Yet this plan has been denounced as a "give-away," and as an effort to undermine TVA, by those who want TVA to supply the power on a tax-subsidized, tax-free basis, and extend socialization of electricity.

President Eisenhower's answer to that is irrefutable. He said, "It seems to me that there has been a very great deal of talk and argument—much of it partisan—about issues that are really clear and simple. No one in this administration has any intention of destroying or damaging TVA. . . . But this is

not the same thing as fastening on the federal government a continuing and never-ending responsibility which I frankly do not believe is logical nor, in the long run, in the best interests of the country."

"If unlimited socialism is right for the TVA area it is right for all areas. Then we would wind up with a socialized federal power monopoly. The President doesn't want that. Neither does the majority of people."

25 Years of Progress

How do meat prices of today compare with those of 25 years ago?

Almost anyone would answer that they're much higher now. That is true, if only dollars-and-cents figures are considered. But they are cheaper in terms of the amount of time the average industrial worker has to put in to earn the money to buy his meat.

To use two illustrations, in 1929 it took the worker 49 minutes to earn the price of a pound of round steak and 47 minutes in the case of a pound of ham. Now the figures are 30 minutes and 24 minutes respectively.

Many diverse factors have made that salutary development possible. One of them is the remarkably economical and efficient job done by the meat packers—the concerns that see to it that consumers in every far-flung reach of this vast country can obtain whatever cuts of meat they want when they want them. Impossible as it may seem, packers frequently sell dressed beef for less money than they paid for the animal on the hoof. They make up the difference, pay their overhead costs, and earn a small profit through the sale of non-edible by-products, such as hides that go into leather goods and glands that are the source of medicines.

Meat packing is a fine example of the kind of competitive enterprise that has built and continues to build our living standards.

The Low Down From Hickory Grove

This is an essay on banks. Not sand—or river—but money. And before getting up to my adam's apple in this discussion, I detour a degree or 2 to say that amongst all the institutions of today, the bank is one of the most necessary. And while on Banks there is the Banker. Too few people take it on themselves to get acquainted with the Top Kick down at their bank. Go on down—tackle the Top Kick—you will be agreeably surprised. And the services the bank can perform—and so reasonable—there is something to know, too. I leave pretty near everything—debts and all—to Uncle Joe Paxton down at our bank. I'd let him hold my watch and chain any time—even in the dark.

But to get in deeper. An Old Longhorn editor down in Texas—Odessa—says he finds that the U. S. A. debt moves nearer and nearer to 275 billion while the debt of all countries combined in the world is but 207 billion. That is Longhorn research.

For 20 years a free rolling congress has borrowed and borrowed. Some money needed like for wars but billions unneeded for fumididdles. Congress did not get jerked up in the traces like an individual would be hauled in at the bank if he went on spending beyond his means. Congress has been the culprit. Now the job is to lift the mortgage. That old Odessa Texan is sounding the alarm—and accenting same.

Yours with the low down,
JO SERRA

Local Massey-Harris Dealers Searching for "Average Age Tractor"

Pedersen Bros., local Massey-Harris dealers located at Antioch, announced today that they are looking for "Mr. Average Age Tractor" and urges farmers in this vicinity to check their own tractors and register them at their store. The owner of the winning tractor will be awarded a valuable prize, based on the average of all the tractors entered in the contest.

It's easy to enter their "Mr. Average Age Tractor" contest, the Pedersens stated. "Just stop in at our store and register your tractor (garden tractors excluded), giving make, model and date of purchase. Any make, any style is eligible to win." Contest closes Jan. 8, 1955.

The winner of the "Mr. Average Age Tractor" contest will be given a beautiful deluxe model Hamilton Beach Food Mixer.

Only other post to be filled is an unexpired Justice of the Peace term caused by a vacancy.

Town Clerk Llewellyn Van Patten, Jr., said that a number of persons had called at his office seeking information concerning the filling of petitions, but that most of them had not identified themselves, and had only asked for information. All in all, it seems that Antioch Township should see a spirited contest between now and April 5th.

Let yourself go -
it's only \$2299⁸⁸⁺

delivered locally!

MAYBE you didn't know that the price of this 1955 Buick SPECIAL 2-door, 6-passenger Sedan has moved still closer to those of the so-called "low-price three."

And maybe you didn't know that now you can boss this broad and brawny new beauty for even fewer dollars than some models of those very same "three."

So we proudly show our price here to prove it.

But no simple dollar figures can ever tell you how much more sheer

automobile you get for your money in this '55 Buick. You have to discover that firsthand.

You have to look into the record-high V8 power that puts the whip to this dazzler—and see by sampling what that means in the lift and life and joy you feel in driving.

You have to judge for yourself how much more luxury and comfort and stability so little more money buys here—more room, more visibility,

more frame strength, more tread width, more ride steadiness.

And you have to learn by doing what a rich fine feeling it is to travel in the boldest new styling of the times—in beauty that's long and low and sports-car smart—and as definitely distinctive as the name on the hood.

Come in for a demonstration of Buick for '55. We promise you the thrill—and the buy—of the year.

*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice. Even the factory-installed extras you may want are bargains, such as heater & defroster . . . only \$81.70.

LAKE VILLA

The Rev. Virgil R. Kraft, president and director of the Radio Institute of Chicago was guest pastor at the Community church last Sunday and the church was filled. He will also be in the pulpit on Sunday, Jan. 9 and the Rev. Plummer and family will be back from their Florida vacation for the next Sunday services.

The Intermediate M. Y. F. met at the church on Sunday evening at 8:30 and the finance committee met Monday evening at the Hooper home for a business session.

The Woman's Society of Christian Service Circle No. 1 will meet at the church on Wednesday, Jan. 19 for the quarterly pot luck dinner and birthday party for the October, November and December birthdays of members and friends. Mrs. Marie Hamlin, Mrs. Gertrude Blust and Mrs. Margaret McNeill are the committee in charge. Because of the holidays, there was no other meeting.

Cedar Lake Camp Royal Neighbors will hold its next regular meeting at the village hall on Tuesday evening, Jan. 11. This is an important meeting and members should be present. Secret pals of last year will be revealed and new names drawn. Plans will be made for the installation of officers on Tuesday, Jan. 25.

The recently organized V. F. W. of Lake Villa sponsored a New Year's eve party at the fire station on Friday evening and a good number of couples enjoyed the festivities of the evening with dancing.

Mr. and Mrs. Jake Fish entertained Mr. and Mrs. William Fish, their parents, and brother Howard Fish and family of Algonquin, also their sister, Mrs. Chester Hamann and family of Waukegan at dinner on New Year's Day.

Mrs. Marie Hamlin entertained Mrs. Georgia Avery, Mrs. Lottie Boehm, Mrs. Mayme Kapple, Mrs. Cora Hamlin and Mrs. Lulu Nelson at a luncheon at her home last week Wednesday afternoon with Mrs. Nelson as guest of honor. She has been

living with her daughter, Mrs. Carl Ekdahl and family for some time and left Monday with her son, William Nelson of Antioch, who drove to Lawrenceville, Ill., where Mrs. Nelson has entered a Methodist retired people's home, where her sister, Mrs. Lena Taylor, is already a resident. The ladies presented Mrs. Nelson with a gift.

CPO Jos. Botts who has been at the Leo Barnstable home with his wife and their son Danny for the past three weeks, left New Year's morning by plane to return to his base at San Diego where his ship is being made ready for another sea voyage. In the meantime, his wife and Danny will remain with her parents.

A short circuit in the neon lighting system at the Sherry place on Grand avenue last week resulted in small damage to the front of the building due to the quick response of the fire department.

Mrs. Kaurin Karolius returned home late last week from Victory Memorial hospital where she had been undergoing treatment.

Mr. and Mrs. F. Emerson, their son-in-law and daughter, Mr. and Mrs. J. Francisbauer of Lake Forest spent New Year's with relatives, Mr. and Mrs. Ted Thompson at Milwaukee.

Mrs. Emerson and friends, Mrs. R. Johnson of Zion, Mrs. M. Miltimore of Winthrop Harbor and Mrs. J.

York of Ingleside were at Downey hospital three days this week to entertain patients there with games, refreshments, etc.

Mrs. Henry Nader entertained the ladies of the Pinochle club at their usual party at her home last week Tuesday. A number were absent because of the holiday vacation.

James and Bob Hamlin have returned to their work at St. Bede's college at Peru, Ill., after a vacation spent with their parents, the Clayton and Lester Hamlin families.

The Lake Villa Trust and Savings Bank held its annual meeting of stockholders at the office of the bank on Wednesday, Jan. 5.

Mr. and Mrs. Walter Larsen of Detroit, Mich., were guests at the Albert Kapple home on Christmas Day.

Mrs. Bob Madsen and her infant son returned home last Wednesday, and her mother, who lives in Detroit is with her for a while.

Mr. and Mrs. Dick Radu and son left Sunday morning for their new home in Denver, Colo., where Mr. Radu has been transferred in the interests of his company. Their son who has been in the hospital for treatment of pneumonia was quite recovered. They have been staying at the home of Mrs. Radu's parents, Mr. and Mrs. L. J. Tweed.

Mr. Tweed, a patient at Lake County General hospital, remains about the same.
